

SCHWEGO® aqua clean RTU

Water-based, universally applicable cleaning agent

Function SCHWEGO® aqua clean RTU is characterized by its wide range of applications, its high cleaning power and an environmentally friendly composition. It effortlessly dissolves oily residues, resinified oils and greases, printing inks and various uncured paint residues and dispersion coatings.

SCHWEGO® aqua clean RTU is excellently suited for the removal of stubborn production residues, for cleaning and degreasing tools, machine and engine parts.

SCHWEGO® aqua clean RTU can also be used in part washing units
