

SCHWEGO® damp 8191

Water-based cleaning agent for brush rollers and damper covers

Function: **SCHWEGO® damp 8191** is a water-based cleaning solution. It is used with textile-covered damping rollers and for brush rollers. It is outstanding for its high cleaning power and the environmentally friendly composition. **SCHWEGO® damp 8191** will excellently remove ink residues, paper dust and deposit from the damping water.

Properties:

- Intensive and gentle cleaning
- Water dilutable
- Low VOC
- Free from any oils
- Tensides are biologically degradable
- Neutral smell
- Contains effective protection against corrosion

Application: **SCHWEGO® damp 8191** can be diluted with water up to a ratio of 1:3. Suitable for manual application and for use in cleaning machines for damping rollers and brush rollers.

Please note: Rinse thoroughly with clear water after cleaning!

Tip: Certified by BG ETEM as "low emission product"

Subject to appropriate storage, the described properties of **SCHWEGO® damp 8191** remain stable for at least 24 months.

Packaging: 5 kg / 10 kg canister / 200 kg drum
