

SCHWEGO® aqua clean 8463 SCHWEGO® aqua clean 8463 eco

Water-based universal cleaner | replaces solvent-based cold cleaners and resin removers | removes paint and adhesive residues

Function SCHWEGO® aqua clean 8463 is characterised by its wide range of applications, it has high cleaning power properties and is environmentally friendly. It is excellent for removing paint and adhesive residues, as well as in almost all areas of industry and household. In particular, it can be used as a substitute for solvent-based cold cleaners, in the printing industry, as well as for cleaning resin residues on sports floors and as a ship floor cleaner.

SCHWEGO® aqua clean 8463 can also be used in parts washing systems, floor cleaning machines and high pressure cleaners.

Properties

- Convincing cleaning effect
- Can be diluted with water
- Low VOC
- Biodegradable surfactants
- Odorless
- Alu-Safe
- Certified by BG ETEM as "low emission product"
- Certified by ISEGA for food packaging (not applicable for the eco-version)
- The eco-version meets the criteria of various environmental labels (e.g. Ecolabel, blauer Engel)

Application Depending on the requirements, SCHWEGO® aqua clean 8463 is used undiluted or diluted. Dilution is usually in a ratio of 1:1 to 1:2; for floor cleaning up to 1:8. The cleaning performance can be increased by exposure time. Rinse with clear water.

For sensitive surfaces check compatibility in inconspicuous place!
