

SCHWEGO® fkw / fkb

Filter cartridges

Function SCHWEGO® fkw / fkb are deep-bed filter cartridges made of polypropylene contributing to the keeping clean of water circulations, plates and film processors.

Properties

- Defined and constant filtration behaviour
- Large pore volume and therefore high dirt collection capacity
- Controlled pore size will guarantee a constant quality of the filtrate
- Removes lint, germs and other dirt
- Wide chemical compatibility ensures use for filtration of a large variety of liquids
- Efficient fibre bonding prevents undesired releasing of fibres into the filtrate

	Filter fineness micron (µm)	Length	max. differential pressure
SCHWEGO® fkw	5, 10, 25, 50, 75, 100, 150	9 3/4" (248 mm)	2,5 bar at 30°
SCHWEGO® fkb	10	9 3/4" (248 mm)	5,5 bar at 20°

Packaging SCHWEGO® fkw 30 pieces per box
